

## TROOP 22 UNIFORM REQUIREMENTS

All Scouts and Assistant Scoutmasters are required to be in uniform at all and any Scout functions. The Scoutmaster will advise what level of uniforming is required for various events. Unless otherwise specified, it is always assumed to be the "Field" uniform. All Scouts should be fully uniformed by the first meeting in November.

"Field" uniform consists of Boy Scout pants or shorts, Boy Scout shirt, long or short sleeve, Boy Scout belt, and Boy Scout socks when wearing shorts.

The Troop has its own neckerchief, which a Scout receives as a gift from the Troop when he first joins the Troop. Replacements may be purchased if needed.

The Troop also has its own hat and "Recreational T-Shirt", which may be purchased at most Troop meetings. If the Troop hat is not available, the regulation Boy Scout hat may be worn.

The following patches are provided to each scout upon joining the troop (lost items may be replaced at a cost):

Northern New Jersey Council Patch  
World Crest  
Numerals: 22  
Sage Green Loops

Special note: If a scout participates in a sport or another uniformed activity prior to the Troop meeting, he may come to the meeting in that uniform if he has no time to change, **however**, cleats are **not** allowed in the building. He could also bring his uniform, and change on site.

The Troop has a limited Experienced (used) Uniform program. We will buy back any Scout shorts, pants, long or short sleeved shirt that is clean and in good condition (no glue please) for \$ 5.00 a piece (this does not include belts, socks, hat or recreational shirt). You in turn may purchase any piece we have in stock for the same amount.

**UNIFORM ORDER FORM:**
